

Double Diamond Wilderness Hunts

2012 Season Report!

In 2012 we harvested 54 **coyotes** with 4 clients! Needless to say everyone went home extremely happy and we are looking forward to helping our deer population again this winter.

Our **spring bear hunts** were again a huge success! With the forest fire last spring we were very concerned how it may affect our spring 12 operations! We had no need to worry as it was a banner year once again for DDWH! 16 clients viewed well over 400 bears and shot 15 bears, and wounded 5! Our average on these 15 bears was once again 6'10", 10 of these bears made the P&Y minimum of 18" on the skull with 6 of these pushing over 19". The largest bear of the

year was harvested by Dennis Wolter IN. USA. and was 20 6/8" squaring an amazing 7'8". John Ford KS USA also shot a giant squaring 7'6" and 20 4/8" on the skull. Spring 2013 is now fully booked and we have some room in 2014, so if this hunt is on your bucket list be sure to call and reserve your spot in 2014 ASAP. Thanks to our dedicated crew and all the clients who held out for the big one. We look forward to hunting with you guys and gals this coming spring!

I once again guided **Dall sheep hunts** for Arctic Red River Outfitters and Gana River Outfitters. These back pack hunts again produced some tremendous old rams. I was able to take a 10 year old ram for myself with Gana River along with Doug and Shelly Sayer ID. USA, taking 2 rams. At ARRO I guided 2 rams with one of them being the 42" 165" pictured here, as well as an archery ram taken on the last day of the hunt. It is a fabulous way

to spend the month of August for sure. If you need a Dall ram in your trophy collection and don't mind strapping on a back pack, give me a call to make that happen!

Returning from the NWT in early September it was time to get ready for the **whitetail/mule deer archery hunts**. I took 1 archery hunter in mid September and the weather cooperated for a change. Christof Bollman from South Africa found us on the web and made the long journey over. Christof was run over with deer and missed a giant that we later harvested during the rifle season scoring 177". He missed a second deer and

then on day 3 he finally connected with a mature buck! In October we had a group of 4 hunters all looking for trophy whitetail. Repeat hunters Scott Novak MO. USA and Eric Keuling TX USA were back for the 3rd time. Scott got it done on the last day of the hunt with the great buck pictured here. Eric was covered up in deer but could just not get it done on the 3 big ones he was pursuing. Tom Davis Jr. and Sr. TX USA were also unsuccessful. Tom Jr. missed a 160 + class deer mid way through the hunt. It seemed we were in the October lull, but hard work and persistence paid off giving everyone but Tom Sr. a shot opportunity!

The 2012 **whitetail rifle hunts** were again outstanding. We were booked solid, taking 13 rifle deer hunters. Only 1 hunter did not have an opportunity to harvest a 140 class or better buck. Clients harvested 9 bucks, averaging 150"'. We only missed two deer this fall, and wounded one. Big thanks go out to the deer hunters that were not prepared to settle for a marginal deer, and waited for Mr. big, as you can see in the photos, patience pays big

dividends. The largest buck shot this season went 177" Gross B&C and was taken by Kevin Yonkura PA USA. We will be seeing most of you again in 2013. I can't wait! As I write this, our 2013 rifle hunts are booked but I do have some room in 2014. Thanks again to our dedicated crew and all you hunters that put in the ass time to harvest these great deer. Whether hunting the farmland or forest we can customize a hunt that suits you the client. I truly believe that I have the best job in the world, and you the client allows me to live that dream!

Season's greetings from Alberta, and we hope everyone has a fantastic holiday season. Shoot straight and often, and remember that when there is lead in the air there is hope!

Happy Hunting,

Double Diamond Wilderness Hunts

Jeremy, Tonya, Brooke, and Cali
